

ace

suspension lamp circle

ace

The Ace is a special LED circle fixture with rough leather details and an unique suspension. With his suspension on only one cable this circle is super adjustable by moving its smart leather tab. The Ace has a warm light which creates a very soft atmosphere. The u-shaped steel profile is powder coated and available in several colors. Because of the different driver box types the Ace is multiple applicable. The Ace is designed by Jacco Maris in cooperation with Meneer Voss.
