

THIN Task Lamp with Wall Mount

The THIN Task Lamp with Wall Mount enables minimal task lighting mounted to furniture or walls. Precision-machined in solid brass, the wall-mounted lamp extends and contracts from its articulating hinge and ball joint at the lamp's base. The onboard dimming knob located at the lamp's tip provides adjustability for functional task lighting.

4-6 Week Typical Lead Time*

*Lead time subject to change based on order and stock quantities.

*Pricing applicable to United States and Canada only.
Shipping not included for Alaska, Hawaii, and Canada.*
